## About Food Allergy Canada

Food Allergy Canada is a national non-profit charity and Canada's leading patient organization committed to educating, supporting, and advocating for the more than 3 million Canadians impacted by food allergy. We focus on improving the daily quality of life of individuals and families by providing education and support needed to effectively navigate food allergy, building informed and supportive communities, and acting as the national voice on key patient issues.

### 2025 National Conference:

# Unlocking the food allergy future

This conference is slated to be the largest food allergy patient conference in Canada. It is estimated to attract 250 patients, educators, healthcare professionals, and food allergy partners in-person from across the country, with hundreds more through the live-streaming of each session. Sponsors and exhibitors will have maximum exposure to this niche group of influencers and advocates.

*Showcase your brand and connect with this targeted audience.*
